

IFL Training Shift 10: PDM and Project Overview

Written By: Kenny Davis Jr

Step 1 — PDM

- Now that you have finished your IFL training and are an LM, you can now start training on the advanced machines!
- The person completing your PDM can give you contact information for the SLM in charge of each advanced machine.

Step 2 — Advanced Machines

- The advanced machines include:
 - EZ Router
 - Welding
 - Datron
 - CNC Mill and Lathe

Step 3 — Feedback

- During your PDM, we will also ask for your feedback on the IFL on boarding process.
-
