

How to set up the machine Pt1: Plug in

Written By: Nicholas Ferinde Rabchevsky

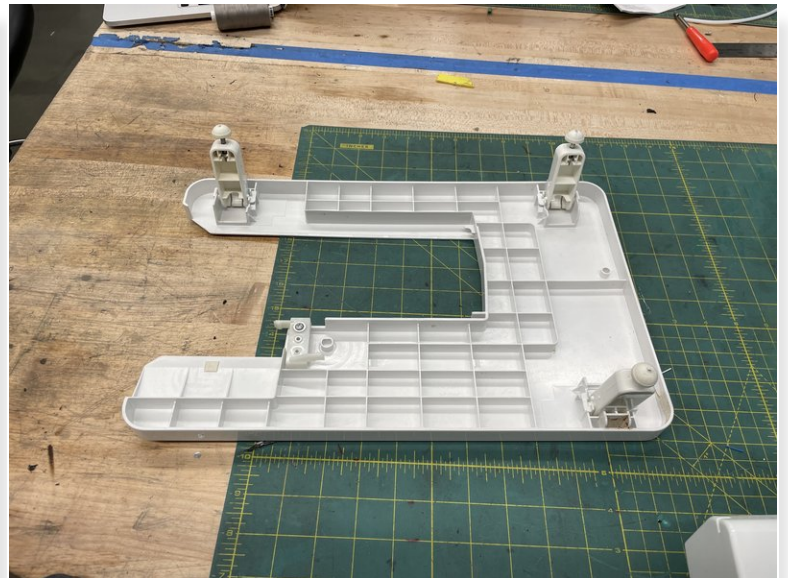

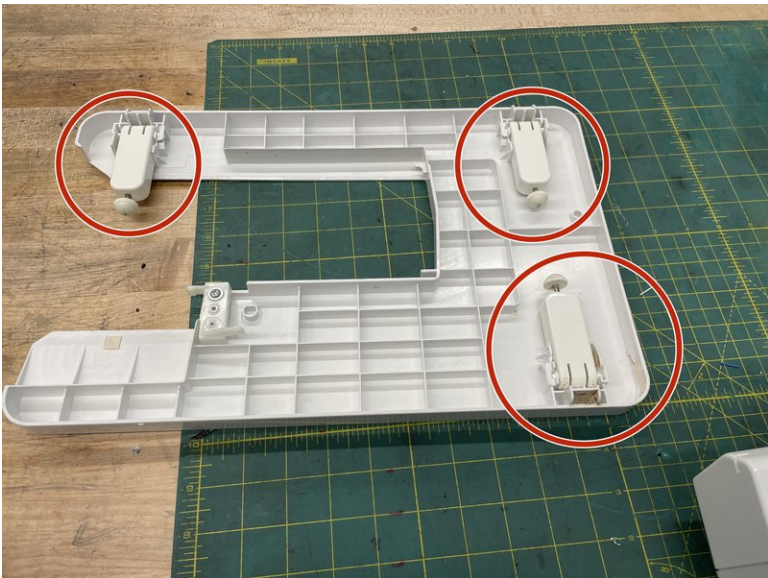

Step 1 — Unfold the Machine

- Place the sewing machine on a flat surface close to the edge.

Step 2 — Unfold the Machine

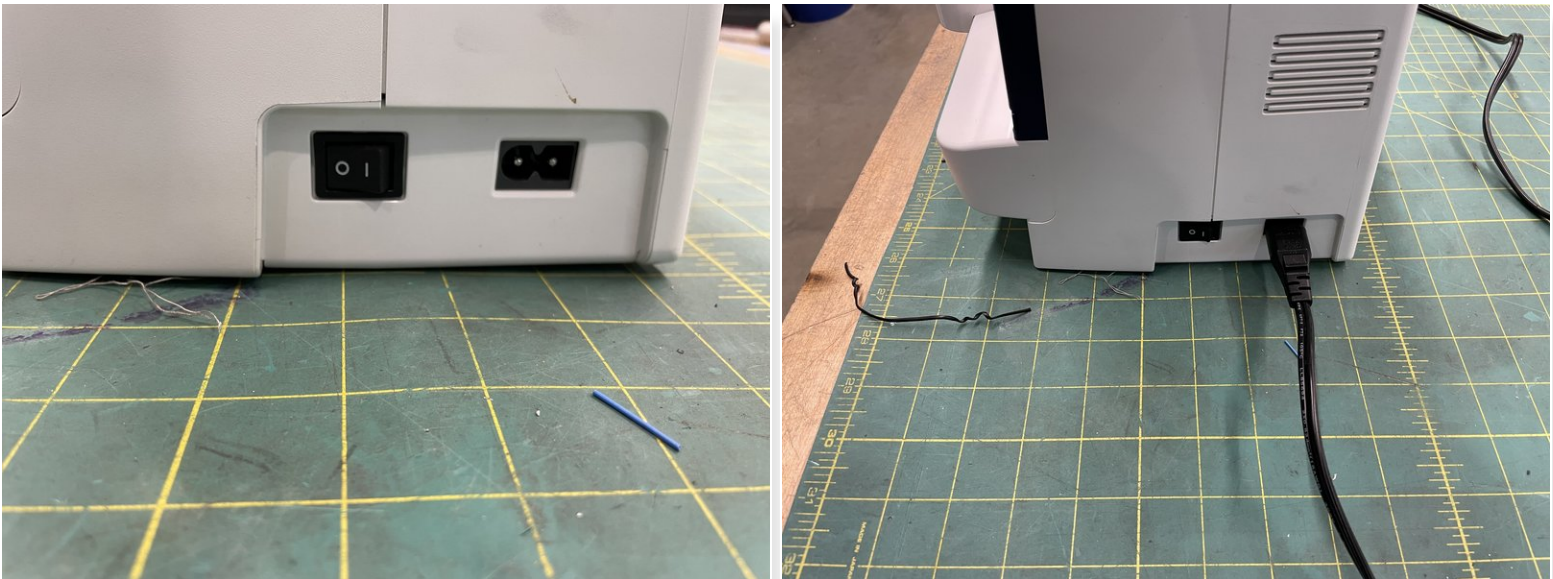

- Open Up the legs

Step 3 — Unfold the Machine

- Insert the table into the sewing machine. Make sure all the tabs line up. You should hear a click when it is in.

Step 4 — Plug in Power

- Plug the machine in and flick the switch

Step 5 — Plug in the Pedal

- Plug in the foot pedal. This is what turns on the sewing machine and the more you press the faster it goes. (Similar to the welder)

Step 6 — Basic set up complete

- Insert wisdom here.

Step 7 — Gather other materials

- Cloth, Cloth accessories (zipper, buttons, etc), Exacto blade/Scissors, thread, ruler, cutting mat
