

Clean Up

This guide should show you how to clean the vertical bandsaw after every use.

Written By: David Kriesberg

TOOLS:

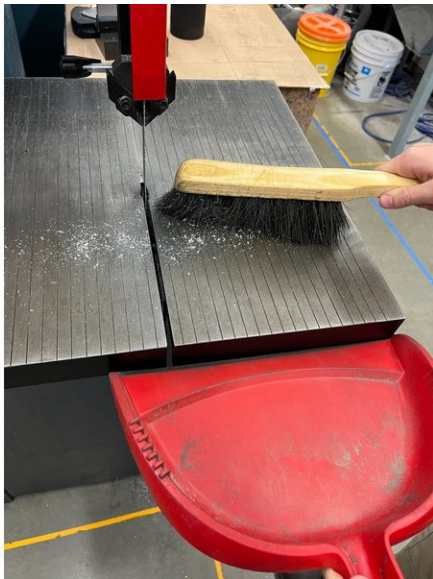

- [Brush](#) (1)
- [Broom](#) (1)
- [Dustpan](#) (1)
- [Vacuum \(Optional\)](#) (1)

Step 1 — Evaluate where to clean

- There are 3 main areas to clean up. The table, underneath the table, and inside the door.

Step 2 — Cleaning the table

- Use a brush and dustpan to collect and clean off the shavings.

Step 3 — Cleaning underneath the table

- Use the brush and dustpan to clean below the table.

Step 4 — Cleaning inside the door

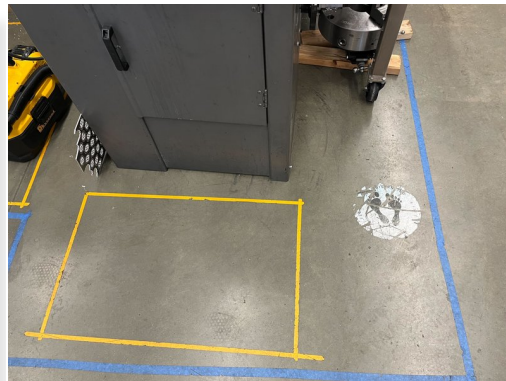

- Open the door and using a brush, sweep the dust and shavings to the opening on the right. Be sure to dust off the wheel and door as well.

Step 5 — Cleaning the floor

- Using a broom and dustpan, sweep up any remaining dust on the floor and throw away in the trash.
- Optionally, you can use a vacuum

Step 6 — Done

- The machine and floor should be clean now!
