

# Clean-Up

This guide should show you how to clean the belt sander after every use.

Written By: Stephanie Do

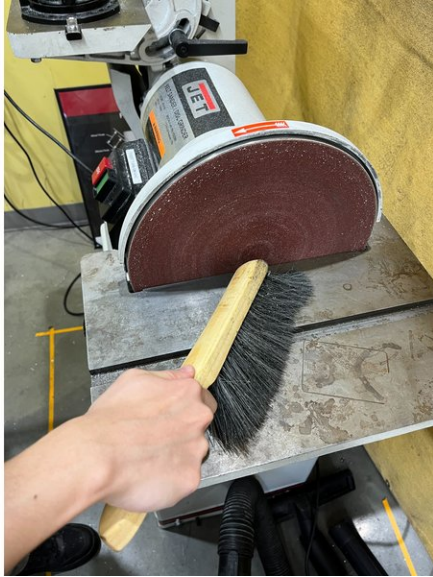

## TOOLS:

- [Brush](#) (1)
- [Broom](#) (1)
- [Dustpan](#) (1)

## Step 1 — Cleaning the tables

- Use a brush to clean off the dust on the tables where the disc and the belt are

## Step 2 — Cleaning the floor

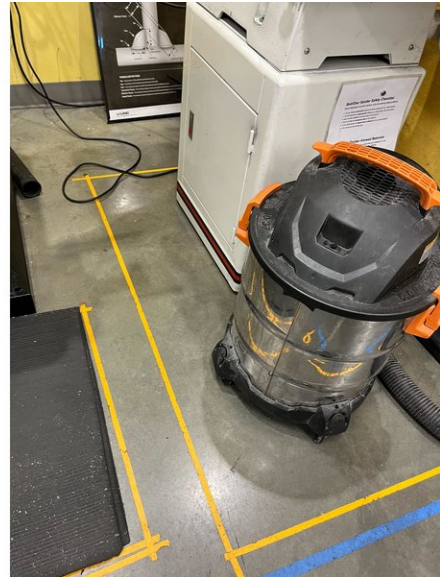

- Use a broom and dustpan to sweep the dust off floor in the nearby area

## Step 3 — Done

---

- The machine and floor should be clean now!
